

Complete Clean. Healthy Results.

KAIVAC® NO-TOUCH CLEANING® SYSTEMS

KAIVAC®

KAIVAC NO-TOUCH CLEANING® SYSTEMS

When it comes to restrooms and other heavily soiled areas, nothing beats Spray-and-Vac cleaning. Kaivac's No-Touch Cleaning® systems are built for extreme soil removal, empowering workers to clean hygienically without touching contaminated surfaces. Plus, it cuts labor, chemical, and equipment costs.

KaiVac® 1250

Designed for smaller facilities and budgets.

COMPACT

KaiVac® 1750

Fits a wide range of facilities.

MID-SIZE

KaiVac® 2750

Ideal for super-sized cleaning needs.

LARGEST CAPACITY

See kaivac.com for more information and complete specifications.

SCAN ME

Kaivac has developed a number of add-on accessories that allow you to clean just about any surface or area throughout your facility. These versatile accessories not only improve productivity and expand cleaning capabilities, but they can also stretch your budget by eliminating the need for additional equipment.

FOR RESTROOMS AND BEYOND

Hygienically remove soil, germs, and other indoor pollutants that traditional cleaning tools like mops and wipes leave behind. Kaivac's multipurpose No-Touch Cleaning® systems are built to tackle just about any surface and space in any facility type, reducing the risk of disease-causing organisms throughout the building.

Just use the low-pressure fan spray, apply the cleaning solution to the fixtures and the floors and then rinse with clean water from the water tank, and... DONE. It's truly that simple. The powerful, onboard indoor pressure washer flushes out grout lines and tight places that mops can't reach. Finally, just vacuum the floor dry — completely removing water and contaminants from all surfaces, leaving the floor virtually dry and soil free.

Kind of a no-brainer, right?

SEE THE NO-TOUCH
CLEANING SYSTEM
IN ACTION

FEATURES + BENEFITS

- + Clean virtually any surface throughout the building.
- + Removes more than 99.9% of targeted bacteria when used with plain tap water only.
- + Clean in one-third the time of conventional cleaning methods — reducing labor costs and restroom closure time.
- + Up to 60x more efficient in removing bacteria from grout lines than mopping.
- + Improve equipment cost efficiencies with a multipurpose system vs. multiple single purpose tools.
- + All No-Touch models offer battery and corded versions.
- + Certified by the National Floor Safety Institute (NFSI) for providing high traction.

KaiVac® 1750

Perfect for a wide range of facilities.

MID-SIZE

Our most-popular system combines ample capacity, space efficiency and a compelling price to deliver exceptional value and a quick return on investment.

Dimensions 40" x 28" x 22" (H x L x W)

Capacity 17 Gallon / 64.35 L

LONG-RANGE SPRAY LINE

Reaches great lengths while the system remains parked.

500 PSI PUMP

Apply cleaning solutions and fresh water rinsing with powerful pump pressure.

POWERFUL VACUUM MOTOR

Unmatched soil and liquid removal leaves area dry and ready for use.

HEPA FILTER

Traps harmful indoor pollutants to improve indoor air quality

*Not available on KaiVac® 1250

VACUUM WAND WITH GROUT BRUSH

Sturdy, one-piece wand made of aircraft aluminum with high-performance Squeegee Blades for maximum extraction.

KAITUTOR™ ONBOARD TRAINING (NOT SHOWN)

Video training system leads the operator through the cleaning process.

LONG-RANGE VACUUM HOSE

Allows the vacuum to reach near and far, cleaning large areas efficiently and completely.

SEPARATE VACUUM AND FRESH WATER TANKS

Ensures you always clean with fresh water.

FAST-SWAP BLACK BOX

Engine compartment is easily removable for quick repair or exchange.

Protected by multiple US patents. Multiple patents pending.

All KaiVac No-Touch Cleaning® Systems feature the components shown here.

FLEXIBLE POWER OPTIONS AVAILABLE

POWER CORD

Allows the user to cover extensive areas by unwrapping length of power cord as needed.

LITHIUM-ION BATTERY

Allows free and quick movement at any time of the day throughout the facility.

KaiVac® 1250

Designed for smaller facilities and budgets.

COMPACT

This smaller system with its 12 gallon fresh water capacity, delivers the same cleaning power that KaiVac is known for.

Ideal for elementary schools, hospitals and clinics, nursing homes, restaurants, retail, office buildings and more.

Dimensions 38" × 22" × 20" (H x L x W)

Capacity 12 Gallon / 45.42 L

KaiVac® 2750

Ideal for super-sized cleaning needs.

LARGEST CAPACITY

This large-capacity, highly maneuverable system delivers superb cleaning power for your super-sized cleaning needs.

Ideal for large facilities, such as airports, stadiums, factories, convention centers, warehouses, large hospitals, and more.

Dimensions 48" × 33" × 23" (H x L x W)

Capacity 27 Gallon / 102.2 L

See kaivac.com for more information and complete specifications.

KAIIVAC®

Achieve Hygienic Results.

KAIVAC® DISPENSE-AND-VAC SYSTEM

KAIVAC®

KAIVAC® DISPENSE-AND-VAC SYSTEM

CLEAN KITCHENS AND RESTROOMS

Don't let dirty, greasy floors drive customers and employees away — or take them down. When it comes to keeping restrooms and commercial kitchens clean, nothing beats the Dispense-and-Vac. Floors can be difficult and expensive to maintain, but this cleaning system offers a practical, low cost “no-mop” solution.

The Kaivac Dispense-and-Vac system offers a simple, fast approach to cleaner, safer floors. Its extreme cleaning capabilities enable hygienic results in even the heaviest soil and grease conditions. In fact, like most Kaivac systems, it's up to 60 times better at removing soil and contaminants than mopping.

Don't just clean it. Kaivac it.

FEATURES + BENEFITS

- + Leaves floors clean and dry, which means reduced slip and fall accidents and immediate availability.
- + Reduces cleaning times and chemical costs while producing better results.
- + Developed using rigorous scientific measurement, it actually gets floors clean enough to eat from.
- + Greatly reduces the risk of cross-contamination.
- + Easy to maintain and repair — no technician needed.
- + Perfect for restroom floors, kitchen cleaning and degreasing, grouted floors, entrance ways, spill pick-up, flood pick-up and floor stripping.
- + Certified by the National Floor Safety Institute (NFSI) for providing high traction.

KAIVAC DISPENSE-AND-VAC SYSTEM

Just apply fresh cleaning solution to the floor, spread and lightly brush into grout lines, and then completely vacuum away all soils and liquid, leaving floors really clean and bone dry. It's perfect for daily cleaning and degreasing commercial floors. It's also great for applying and removing stripper on finished floors. The process is radically better, faster and safer than cleaning with a mop.

POWERFUL WET VACUUM

With crush-proof hose completely removes soils and liquids from every area.

EASY FLUSHING DUMP HOSE

Allows quick draining of vacuum tank contents into a suitable toilet or sink.

10-GALLON SELF-DISPENSING BUCKET

No-splash design ensures only fresh solution, degreaser, stripper or finish is ever used.

ONE-PIECE VACUUM WAND

Made of aircraft aluminum with high-performance Squeegee Blades for maximum extraction.

ERGONOMIC SPEED SPREADER

Rapidly spreads cleaning solution that was dispensed through the spigot.

KAITUTOR™ ONBOARD TRAINING

Video training system leads the operator through the cleaning process.

VARIABLE FLOW SPIGOT

Allows operators to manage amount of cleaning solution dispensed on the floor.

Protected by multiple US patents. Multiple patents pending.

FLEXIBLE POWER OPTIONS

POWER CORD

Allows the user to cover extensive areas by unwrapping length of power cord as needed.

LITHIUM-ION BATTERY (OPTIONAL)

Allows free and quick movement at any time of the day throughout the facility.

See kaivac.com for more information and complete specifications.

KAIVAC®

Stretch Your Resources.

KAIVAC® AUTOVAC STRETCH™ SYSTEM

KAIVAC®

KAIVAC® AUTOVAC STRETCH™ CLEANING SYSTEM

CLEAN MORE WITH LESS

Don't let dirty hallways, cafeterias, warehouses or fitness areas drive customers and guests away. The **AutoVac Stretch System** is designed to clean wide-area hard surface floors with its extreme soil removal technology, sustainable green cleaning and autoscrubber performance at a fraction of the cost.

Just open the spigot to release the cleaning solution, turn the vacuum motor to "on" and start walking to evenly spread the solution across the floor while simultaneously vacuuming, and... DONE. It's truly that simple. When the vacuum tank becomes full, the operator has the option to empty the filtered contents back into the solutions tank to continue cleaning. The unique one-fill process and recycling option significantly saves on water and chemical usage while reducing cleaning time.

Kind of a no-brainer, right?

SEE THE AUTOVAC
STRETCH IN ACTION

FEATURES + BENEFITS

- + Cleans 25,000+ sq. ft. per hour by eliminating unnecessary trips to refill
- + Removes 99.8% of targeted soil leaving floors cleaner and shinier
- + Reduces cleaning chemical usage by 66% and water usage by 75% or more
- + Extreme soil removal technology enables users to reuse or "recycle" the cleaning solution without loss of cleaning effectiveness
- + Easy to learn and use with the KaiTutor™ onboard video training system
- + Extremely low cost of ownership
- + Meets LEED requirements for sustainable cleaning equipment
- + Easy to maintain and repair — no technician needed
- + Universal quick-change Power Pack can be used with all Kaivac battery-enabled systems

KAIIVAC AUTOVAC STRETCH CLEANING SYSTEM

The AutoVac Stretch is a simple high-speed system for cleaning wide-area hard surface floors. Kaivac's extreme soil removal technology combined with its unique recycling option enables unprecedented cleaning range and productivity in a walk-behind machine — without loss of cleaning effectiveness.

Autovac Stretch is certified by Green Seal® for Environmental Innovation based on reduced environmental toxicity, waste minimization, use of verified environmentally-preferable products, and conservation of energy and water. GreenSeal.org

KAITUTOR™ ONBOARD TRAINING

Video training system leads the operator through the cleaning process.

10-GALLON TROLLEY-BUCKET WITH CONVENIENT "THUMB THROTTLE"

Trolley-Bucket holds 10 gallons of clean and fresh solution. Elongated spigot handle with "thumb throttle" allows users to control the spigot flow at their fingertips.

28" DROP-DOWN SQUEEGEE HEAD

Efficiently removes soils and solution, leaving floors clean and dry.

MICROFIBER PAD AND FRAME

For evenly spreading cleaning solution.

TRANSFER SPIGOT (NOT SHOWN)

Transfers filtered cleaning solution from the vacuum/solution tank into the trolley-bucket for re-use.

Protected by multiple US patents. Multiple patents pending.

INDUSTRIAL-STRENGTH VACUUM MOTOR

Enables unmatched soil removal.

10-GALLON VACUUM TANK WITH EASY-FLUSHING DUMP HOSE

Vacuum tank holds 10 gallons of recovered cleaning solution. Dump hose allows quick and ergonomic draining of vacuum tank contents.

NO-DRIP STORAGE TRAY

Convenient location to store optional vacuum wand or speed spreader.

POWERED BY

LITHIUM-ION BATTERY

Allows free and quick movement at any time of the day throughout the facility.

See kaivac.com for more information and complete specifications.

KAIIVAC®

Stop the Mop.

KAIVAC® UNIVAC™ SYSTEM

KAIVAC®

KAIVAC® UNIVAC™ CLEANING SYSTEM

CLEANER, SAFER FLOORS

Don't let dirty, greasy floors drive customers and employees away — or cause them to fall. The **UniVac system** is designed to tackle even the most built up grime that antiquated mops just can't. Developed using rigorous scientific measurement, it gets floors clean enough to eat from.

Just dispense solution through the throttle spigot, rapidly spread it across the floor with the ergo speed scrubber and vacuum up all the soil and water, and... DONE. It's truly that simple. Floors are left clean, dry and hygienic, reducing cost and cleaning times, conserving water and chemicals, and decreasing slip-and-fall accidents to create a safer working environment. Plus, the ease of use, time savings and improved ergonomics make it an employee favorite.

Kind of a no-brainer, right?

FEATURES + BENEFITS

- + Reduces cleaning times and chemical costs while producing better results
- + Up to 60x better at removing soil and contaminants than mopping
- + Reduces the risk of costly slip-and-fall accidents
- + Cuts water use by up to 75%, and reduces chemical use by 2/3 or more
- + Easy to maintain and repair — no technician needed
- + Optimized for high grease environments like food service and industrial facilities
- + Also great for restroom floors, grouted floors, flood recovery, spill pick-up and weather-related cleaning

UniVac is certified by Green Seal® for Environmental Innovation based on reduced environmental toxicity, waste minimization, use of verified environmentally-preferable products, and conservation of energy and water. GreenSeal.org

KAIVAC UNIVAC CLEANING SYSTEM

The Univac system offers a simple approach to cleaner, safer floors in a nimble single-piece package, ideal for congested areas with limited storage. Its extreme cleaning capabilities enable hygienic results in even the heaviest soil and grease conditions, leaving floors really clean and bone dry.

VARIABLE FLOW SPIGOT (NOT SHOWN)

Manages exact amount of solution dispensed to the floor, maximizing efficiency while producing better results.

ONE-PIECE VACUUM WAND WITH GROUT BRUSH AND SQUEEGEE HEAD

Allows users to deep clean grouted floors and under equipment and seating.

10-GALLON SOLUTION/RECOVERY TANK

Holds 10 gallons of solution in tank. Minimizes footprint for easy storage and maneuverability.

ERGONOMIC SPEED SPREADER

Rapidly spreads the cleaning solution that was dispensed through the spigot.

POWERFUL WET VACUUM

Thoroughly removes soils and contaminants.

CRUSH-PROOF HOSE

Allows the vacuum to reach near and far.

EASY-FLUSHING DUMP HOSE

Allows quick and ergonomic draining of vacuum tank contents into a suitable toilet or sink.

Protected by multiple US patents. Multiple patents pending.

FLEXIBLE POWER OPTIONS

LITHIUM-ION BATTERY

Allows free and quick movement at any time of the day throughout the facility.

CORDED

Optional AC model and GFCI extension cord enables long-range cleaning.
